

A report on celebration of National Mathematics Day 2021 (21.12.2021-22.12.2021)

Reference: No.F.2(28)/GL/NSM/UDP/2021/1096 Dated, Udaipur:18.12.21

National Mathematics Day 2021 was celebrated in the Department of Mathematics during 21.12.2021 and 22.12.2021. This could be done this year also, second time in a row as there were no University exams during this time. On 21.12.2021 there was an online lecture on Real Analysis by Dr. Uday Shankar Chakraborty of Department of Mathematics, Assam University: Silchar. He elaborated on some topics not usually covered in B.Sc. classes viz Darboux functions. The pattern of the lecture retained the flavor of a lucid classroom presentation. On 22.12.2021 there was an informal gathering before the Department where students and teachers paid their respects to Srinivasa Ramanujan. This was later followed by an online lecture by Dr. Naba Kanta Sarma of Department of Mathematics, Assam University: Silchar. He briefly discussed the life and work of Srinivasa Ramanujan and then as a fitting tribute to him discussed some very important topics in number theory which every student of mathematics must understand. All the events saw enthusiastic participation of students and teachers including alumni of the Department.
